Course Title: Mathematical and Computational Tools

Course Code: MC115

Credit structure: 1-0-2-2

Students: B.Tech (MnC) sem I

Course Content:

Course Outcome:
1. Understanding of fundamental concepts of any computer algebra system
2. Learning to use different computational libraries to solve mathematical problems

Mode of conduct:
Lectures and labs will be conducted online using google meet/classroom.

Course Evaluation:
Lab Assignments – 60%
Mid-sem exam – 20%
End-sem exam – 20%
